**RESPONSIBILITY**

Each of the Issuer and the Guarantor accepts responsibility for the information contained in these Final Terms prepared in relation to Series 24536/09.12, Tranche 1. Information or summaries of information included herein with respect to the Underlying(s), has been extracted from general databases released publicly or by any other available information. Each of the Issuer and the Guarantor confirms that such information has been accurately reproduced and that, so far as it is aware and is able to ascertain from information published, no facts have been omitted which would render the reproduced information inaccurate or misleading.

**FINAL VERSION APPROVED BY THE ISSUER**

**PART B – OTHER INFORMATION**

**1. LISTING AND ADMISSION TO TRADING**

- (i) **Listing:** Application has been made for the Notes to be listed on the official list of the Luxembourg Stock Exchange
- (ii) **Admission to trading:** Application has been made for the Notes to be admitted to trading on the regulated market of the Luxembourg Stock Exchange with effect from or as soon as practicable after the Issue Date.

**2. RATINGS**

**Ratings:** The Notes to be issued have not been rated.

**3. NOTIFICATION AND AUTHORISATION**

The *Commission de Surveillance du Secteur Financier (CSSF)*, Luxembourg, has provided the *Autorité des marchés financiers (AMF)*, France, with a certificate of approval attesting that the Debt Issuance Programme Prospectus has been drawn up in accordance with the Prospectus Directive.

The Issuer and the Guarantor have authorised the use of these Final Terms and the Debt Issuance Programme Prospectus dated 28 April 2009 by the Dealer/Managers and the entities in charge of the distribution of the Notes (the **Distributors** and, together with the Dealer/Managers, the **Financial Intermediaries**) in connection with offers of the Notes to the public in France for the period set out in paragraph 13 below, being specified that names and addresses of the Distributors, if any, are available upon request to the Dealer (specified above in the item 40 of the Part A).

**4. INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE**

Save for any fees payable to the Dealer, and except as mentioned below, so far as the Issuer is aware, no person involved in the issue of the Notes has an interest material to the offer.

The Issuer and Société Générale expect to enter into hedging transactions in order to hedge the Issuer's obligations under the Notes. Should any conflicts of interest arise between (i) the responsibilities of Société Générale as Calculation Agent for the Notes and (ii) the responsibilities of Société Générale as counterparty to the above mentioned hedging transactions, the Issuer and Société Générale hereby represent that such conflicts of interest will be resolved in a manner which respects the interests of the Noteholders.

As Lyxor Asset Management S.A. is a subsidiary of Société Générale, there is a potential conflict of interests based on the function of Lyxor Asset Management as the fund management company of the ETF. However, such conflict of interests will be resolved in a manner which respects the interests of the Noteholder.

- Under these Notes, the Noteholders will not receive any coupons during the term of the Notes. At maturity, the Noteholders are entitled to receive an amount totally linked to the performance of the Underlying(s). The return under these Notes is totally linked to the performance of the Underlying(s): the higher the performance, the higher the return. The return depends upon the fact that the performance of the Underlying(s) reaches or does not reach a pre-determined threshold. Accordingly, a small downward or upward movement of the Underlying(s) close to the threshold may result in a significantly larger increase or decrease of the return of the Notes. The return of these Notes is linked to the performances of the Underlying(s) as calculated on pre-determined Valuation Dates, and regardless of the level of such Underlying(s) between these dates. As a result, the Closing Price of the Underlying(s) on these dates will affect the value of the Notes more than any other single factor. Under these Notes, at maturity, the Noteholders are not entitled to receive the amount initially invested. Noteholders are entitled to receive a Final Redemption Amount which may, in case of an adverse evolution of the Underlying(s) during the term of the Notes, be significantly lower than the amount per Note initially invested.
- Pursuant to the provisions of the Equity Technical Annex, upon the occurrence of certain Extraordinary Events and Adjustments affecting the Underlying, the Calculation Agent may decide an Early Redemption of the Notes on the basis of Market Value.
